- Oksana expressed concern with cultural appropriation with international themed parties.
- The Blue Bar was suggested as a place for multi-cultural music.
- Tony said that we could collaborate with Zoe Phillips in the Union with how to integrate it into the club nights
- Hassam asked if anyone would want to bring the event to council. A few were interested.

## **5 Two International Officers:** One non-EU and another EU

Malaika suggested that there should be two international officers instead of one: one to represent EU students and one to represent non-EU students as the international student populations face different issues and challenges.

- Oksana agreed that two heads are better than one
- Hassam had some suggestions on the language of the bill
- It was brought up if the vote should wait after the referendum was voted on
- Tony said if the UK were to separate from the EU, then it was for all the more reason to have a EU officer during a time of transition
- Kittanya suggested that the International Ambassadors (EU and non-EU) work together more closely

## **6 Easter break discussion**

Malaika opened discussion for how Easter break went for the international students still on campus

- Many voiced frustration about the hours places were open, especially the shop and Campus Kitchen
- Suggestion for more activities
- Suggestion for better posting of when places are open and nearby places to go for food
- Suggestion for the hours that the shop are open to remain the same, but to shift to a later time
- Suggestion to advertise INTO Café as alternative to Campus Kitchen when closed (many were unaware they were open)

Oksana explained the BBQ event that was to take place on Saturday, April 16<sup>th</sup>. She said that she needed help with advertising.

## **8 Event with INTO**

Oksana explained the BBQ event to happen with INTO as a Union welcome party. Tony suggested that the full time officers should be invited along with the Opportunities team to explain what the Student Union does.

## **9 Open Discussion**

The problem was brought up of international students only hanging out with students of their own language. This is especially a problem in modules when home students do not want to pair up with international students with different levels of language skills.

- Discussion about the PAL/mentor program
  - Discussion about how to hold PAL mentors accountable to actually help international students
- Discussion about how to integrate international into on campus accommodation better

## **8 Concluding statements**

Malaika asked if anyone else had anything to add. No one did.
