

Candidate for the position of Students with Disabilities Officer (Open Place) (PT)

Tobias Lambe

Build access. Ensure inclusion. Demand accountability.

Hi everyone, I'm Tobias (He/Him)

I am a 4th-year medical student with a wealth of experience in disability advocacy and a real passion for bringing meaningful, lasting change to UEA.

WHAT DO I STAND FOR?

1) Accessibility for all

- Accessibility looks different for everyone, yet the campus and staff don't reflect/accommodate this,

because the world doesn't support us

3) Communication is key

- No longer should we suffer in silence, let's highlight successes and ensure transparency in the plans to improve

MY PLEDGES:

- 1) Hold UEA/UEASU accountable for disabilities
- 2) Ensure reasonable adjustments happen
- 3) Communication and transparency matters, I will ensure this
- 4) Continue using key connections I have built
- 5) Host UEA Accessibility Awards, continue a successful event I created!

MY EXPERIENCE:

- 1) 25/26 Disability Officer and I have been President UEA's Disabled Student Community (Peer Support group)
- 2) Sit on a national advisory panel for Disability Charity
- 3) Launched a disability toolkit at the Houses of Parliament for MPs
- 4) Presented at a symposium to Lords and leaders about making disability transitions better

I have massive experience in advocacy, policy and change-making. I love getting involved and improving (every)thing

I am committed to making UEA accessible for all, and I hope my passion and plans have inspired you to support this movement.

If you have any questions please do get in touch:
